BTEC National Extended Diploma Level 3 in Business	

**Courses available at other IC6 schools:**

Law	Theatre Studies
Media Studies	Further Maths

## **Our Students**

St. Aloysius' College is a mixed sixth form. Our students mainly reside in Islington but we openly accept students from many other London Boroughs.

## **Dress Code**

There is no uniform in our Sixth Form but students are expected to dress appropriately for a school environment.

## **Morning registration is at 8.45am – 9.00am.**

The Year 13 students use this time in the morning to meet their personal tutors and discuss their post-18 choices, whether it is about the application to university, apprenticeships or any other choices. Year 12 students are also allocated personal meeting times in the second and third term to discuss their transition into A Level and their post-18 choices.

At break and lunchtime Sixth Form students enjoy socialising in their own Sixth Form area.

## **The Sixth Form Block**

The Common Room is open all day every day and is only for Sixth Form students.

There is a private study area situated next to the Common Room with access to computers for silent study. The Study Room is also open all day every day.

## Financial Support for Students

### St. Aloysius' bursary:

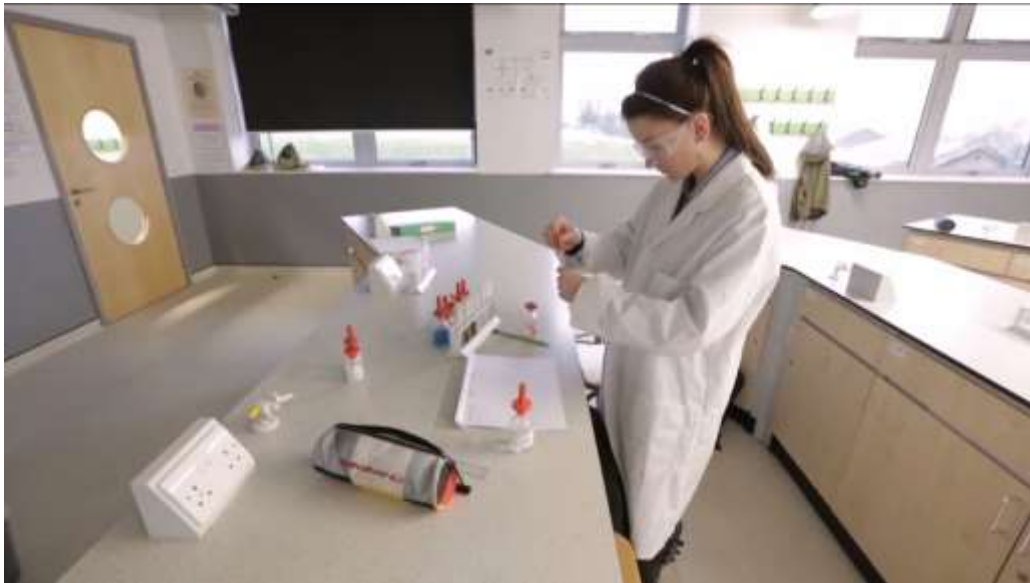

A generous bursary is issued at the end of each term; Assessment Point grades, punctuality and attendance are all qualifiers for bursary funding. The bursary is paid by cheque directly to students.

### Islington resident's bursary:

We offer an Islington resident's bursary which is available for all Islington residents eligible for the pupil premium.

## Monitoring of Progress

- **Parents' Evenings for Year 12s and 13s:** The teacher-parent-student meetings offer the opportunity to discuss progress and targets with all involved, and students receive valuable feedback. These evenings are always very well attended.
- **The Sixth Form Team** review and monitor the grades of each student after each Assessment Point. Parental meetings take place if necessary for the interest of the young person.
- **Reports** are sent home three times a year after each Assessment Point, and give clear feedback on current level, predictions, homework/classwork assessment, attendance and punctuality.

## **Moving on ... University, Apprenticeship, Employment or gap year support**

In Year 12, students can start to plan what they wish to do thanks to personalised discussions with their teachers, their Tutors and the Head of Sixth Form. They have help in deciding on the path they wish to choose, whether it be to continue their studies at University, to apply for an apprenticeship or to go into paid work.

Whatever their choice, every student is listened to, advised and supported throughout the process.

### **1. Applying for University:**

For students wishing to go to university, we provide access to daily support by fully qualified and trained members of staff. Their role is to monitor each student's UCAS application and provide them with the right advice and guidance for completion.

Students are trained to use *Unifrog*, a university search tool which enables them to have access to detailed information about all the courses and all the universities in the UK.

#### **Students will benefit from:**

- (1) Numerous UCAS sessions based in the Sixth Form.*
- (2) A UCAS/Post - 18 Choices Week - focussing on finding out what going to university means and involves, finances and Unifrog and other post – 18 opportunities.*
- (3) Personalised UCAS support members of staff, with one-to-one regular and frequent sessions.*

## 2. Applying for an Apprenticeship:

The students who are interested in doing an apprenticeship are emailed regularly with opportunities. We also invite in specialists to run sessions in which students are provided with all the information and tools they need to be successful in getting an apprenticeship in their field of interest.

## 3. Planning a useful gap year and preparing for work:

We have worked closely for a few years now with 'The Challenge', an organisation that provides a high quality 12-month work placement with professional development to boost employability.

## 4. Employment

Sessions are organised every year with professionals from all different types of organisations. The workshops tackle personal statement writing, interview skills, self-presentation and what employers look for in a young person.

## Destinations

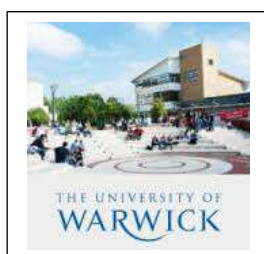

The vast majority of our students succeed in going to the University of their Choice.

In this Autumn Term:

Several of our students started at a Russell Group University and many others have started at other popular universities.

Here are some examples of university and degrees attended by last year's Year 13 cohort:

University of Southampton	Law
University of Warwick	Mechanical Engineering
Queen Mary's University	Politics
King's College London	Computer Science
University of Brighton	Law with Business
Sheffield's University	Mechatronic and Robotic Engineering
University of Roehampton	Law
University of Greenwich	Graphic and Digital Design
University of Bolton	Dental Technology
University of East London	Sports Journalism
Brunel University	Business and Management
University of Huddersfield	Architecture
Goldsmith University	Computer Science
University of Kent	Sport Therapy
University of Surrey	Criminology and Sociology
University of East Anglia	Pharmacy
University of Sussex	Computing Sciences
University of Keele	History and Politics

## **Extra-curricular Activities for Sixth Formers**

**Students can benefit from a vast enrichment programme. We offer:**

- *Talks from guest speakers about life at university, finances, etc.*
- *Lectures from university professors*
- *Visits to seminars based on topics related to A Level subjects*
- *Cross-sixth form events linked with the subjects they study*
- *Duke of Edinburgh Award*
- *First aid training*
- *Volunteering at the Whittington Hospital*
- *Sixth Formers – Year 7 Mentoring in Numeracy & Literacy*
- *Fund raising activities*
- *Paid Part-time jobs opportunities and internships during holidays*
- *After-school clubs, such as debating.*
- *Social events such as Go Karting, the Summer BBQ, quizzes, Sixth Formers vs Staff Football matches, and more!*

All of our enrichment activities are very well attended. As well as being extremely enjoyable and interesting, students are aware of their importance, especially when it comes to applying to university.

St. Aloysius' College Sixth Form has now been working in partnership for several years with all these organisations to provide our students the best opportunities:

## **Subject Leaders**

If you need more information regarding a course, please email the subject leader directly.

# 10

## Reasons why you should choose St. Aloysius as your Sixth Form:

- 1 The wide choice of subjects, in A Levels or Level 3 BTEC
- 2 The outstanding teaching by knowledgeable and experienced staff
- 3 The excellent A Level results
- 4 The practical and welcoming Sixth Form building
- 5 The provisions to study in a quiet atmosphere at all time of the day
- 6 The continuous, individual support when applying to universities/apprenticeship by experienced members of staff
- 7 The valuable and wide enrichment programme
- 8 The generous bursaries
- 9 The links the school has with reputable outside agencies
- 10 The friendly and student-focussed sixth form

***So.... Do not hesitate and join us!***
