Dear Year 12 student & Parent/Carer,

**Re: Work related learning**

Your child is now in year 12 which is a very important time with much studying to do, exams to pass, and decisions about their future to be made. They also have to get ready for the world of work after school/college/university. With this in mind, as part of the Work Related Learning Programme in the school, they should undertake a five day 'Work Experience'.

**This will be from Monday 10<sup>th</sup> June until Friday 14<sup>th</sup> June 2019.**

Relevant work experience is looked on very favourably by University admissions departments and future employers. In some cases Universities will not accept students onto courses without it.

The dates above have been set aside by the school as a convenient time for this exercise to take place.

The health and safety of your son/daughter is of paramount importance while on work experience. The establishment that takes your son/daughter may need a visit to satisfy our requirements that the job is appropriate and safe.

I would therefore ask you to complete the own placement form overleaf with the required information and return it to the 6<sup>th</sup> form office.

Yours sincerely,

Mr B. Butler  
Work Related Learning Coordinator
